5. Operation

5.1 Switch On / Off

To switch the device on, press and hold the Enter button until the device says "power on". Whilst on and unpaired, the status LED flashes blue.

To switch the device off, press and hold the Enter button for 3 seconds, until the device says "power off". The status LED will flash red then turn off.

5.2 Bluetooth Connections

To pair to a device, turn the EP620 off, then press and hold the Enter button for 6 seconds to enter pairing mode. Whilst in pairing mode, the status LED flashes red and blue.

- **For mobile phones**
1) Scan for available Bluetooth devices on your mobile phone (see your mobile phone user manual for instructions if needed).
2) Select "EP620" from the available devices and confirm connection.
3) The status LED double flashes once per second whilst paired.

Note:
Accessing Bluetooth settings on mobile phones varies for each phone, to find the information for your phone, please refer to its user manual.

- **For computers**
1) Enable the Bluetooth function on your computer.
2) Select "Devices and Printers" from the Control Panel and click "Add a Device".

3) Select "EP620" from the available devices, the system will install the driver automatically.
   Note:
   For Windows 98, XP and Vista, a third-party Bluetooth driver is needed (not included).
4) The status LED double flashes once per second whilst paired.
5) If the EP620 is not automatically set as your output device, select "Sound" from the control panel then highlight the EP620 and select "Set Default".
   Note:
   When switched on, the EP620 will automatically reconnect to the last paired Bluetooth device if it is in range.

5.3 Voice Control

Press the Enter button to activate your mobile phone's voice control.

5.4 Hands-free Calling

Whilst connected to your mobile phone, the EP620 will act as a hands-free system for calls.

5.4.1 Answering / Ending a call

Press the Enter button to answer the incoming call or end the current call.

5.4.2 Rejecting an incoming call

Press and hold the Enter button for 3 seconds to reject the incoming call.

5.4.3 Handset Transfer

During a call, press and hold the Volume up button for 3 seconds to transfer the In-Call audio source between the phone and the headset.

5.4.4 Call waiting

If you receive a call whilst a call is in progress, press the Enter button to end the current call and answer the incoming call. Press and hold the Enter button to answer the incoming call and place the current call on hold.

8. Troubleshooting

■ The EP620 will not turn on.

1) Recharge the EP620.Refer to Section 6.
2) Press and hold the power button for 3 seconds.

■ The computer or mobile phone cannot find the EP620.

Confirm the EP620 is in pairing status and within 10 meters of the device.

■ The computer cannot install the driver for the EP620.

1) For Windows 98, XP and Vista computers, a third-party Bluetooth driver is needed (not included).
2) For Windows 7 and 8 computers, please update the driver of the Bluetooth module on your computer. For detailed information of your Bluetooth module, please contact the computer supplier.

■ The sound quality is intermittent in Bluetooth mode.

1) Please ensure the headset is within 10 metres of your source device.
2) Please disable the Wi-Fi on your source device.

■ There is no sound from the headset.

1) Check the volume on both the source device and the EP620.
2) If the headset is connected to a computer, please check that the headset is set as the current audio out device.

■ The mobile phone asks for a PIN code.

The PIN code for the EP620 is 0000.

9. Warranty

This product is guaranteed for twelve months from the date of the original purchase. In the unlikely event of any defect arising due to faulty materials or workmanship, the unit will be either replaced or repaired free of charge (where possible) during this period. An alternative product will be offered in case the product is no longer available or repairable.

This warranty is subject to the following conditions:

■ The warranty is only valid within the country where the product is purchased.
■ The product must be correctly installed and operated in accordance to the instructions given in this user manual.
■ The product must be used solely for domestic purposes.
■ The warranty only covers the main unit, and does not cover the accessories.
■ The warranty does not cover the damage caused by misuse, negligence, accident and natural disaster.
■ The warranty will be rendered invalid if the product is resold or has been damaged by inexpert repairs. The manufactures disclaim any liability for incidental or consequential damages.
■ Please consult our customer adviser before returning any product; we are not responsible for any unexpected product returns.

■ Any faulty product must be kept and returned in the original packaging with all the accessories and the original copy of the purchase receipt.

The warranty is in addition to, and does not diminish, your statutory or legal rights.
